

Technical drawing of a cross-section of a cylindrical component. The drawing includes the following dimensions and labels:

- Overall diameter: 9.68
- Overall length: 9.30
- Top flange thickness: .656
- Distance from top flange to first internal step: 1.59 (OVER LEADS)
- Distance between internal steps: 2.25 (STACK)
- Distance from second internal step to right flange: 1.625
- Right flange thickness: .656
- Distance from left flange to first internal step: 1.31
- Distance between internal steps: 1.31
- Distance from second internal step to right flange: 1.767
- Distance from left flange to right flange: 1.500
- Internal diameter: $\phi .6608$
- Internal diameter: $\phi .6695$
- Internal diameter: $\phi .5000$
- Internal diameter: $\phi .4995$
- Labels: PLUG CAP, .062 WAVY SPRING, .042 SNAP RING, .285
- Text on the right: $\phi .5125$ THRU BOLT B.C.
