

## Hubbell Raceway Systems Painted Steel Plates

# HUBBELL

Hubbell Wiring Systems painted steel plates are available with multiple gangs and in common configurations. The painted steel plates are made from .031 cold rolled steel with a powder coat finish paint process, that provides a durable and aesthically pleasing finish. The product line is available in almond and gray colors.

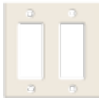

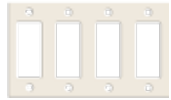

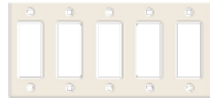

- An excellent alternative to nylon or stainless steel plates.
- Almond and gray plates match wiring devices and complement industry standard metal raceway Ivory and Gray.
- Beveled edge with gloss finish.
- Product includes painted screws and is packaged and sold either individually or in a carton quantity.
- Plates can be used on standard NEMA boxes.
- CSA US and CSA Certified.

***Nobody delivers like Hubbell Commercial Solutions***
