## SL Series Cap Style

ANSI CSA

Low profile design

Shell constructed from high density polyethylene materials

Rain trough on sides and back of helmet channel moisture away

Universal accessory slots fit cap mounted earmuffs and accessories Hats also accommodate chin straps

Snap lock suspension features "tuck away" adjustments for all day, hassle free wear

Ratchet suspension is easy to adjust and allows the wearer to modify the fit while wearing hard hat

Cap style is available with 4- and 6-point nylon suspensions – snap lock and ratchet styles

Replaceable suspensions and headbands available

SL Series cap style hard hats have been tested and pass for reverse orientation

Custom imprinting available on hard hats

Replacement Suspension

ANSI Z89.1 CSA Z94.1

All head protection meets ANSI Z89.1 (●), Type 1, Class C, G, and E for industrial head protection standards. Some options meet Canadian CSA Z94.1 - 2015 (●) standards. \*Hi-Vis colors have been tested for the "HV" mark. For specific options visit our website or contact your sales representative.

## Ridgeline® Bump Caps

This cap is not designed to meet the CSA Z94.1-15, ANSI Z89.1 Class C, G, & E standards for industrial head protection.

BPRBAND – Bump Cap Sweat Band

Shell constructed from polyethylene materials

For applications where hard hats are not required, but some protection from minor bumps and scalp lacerations are needed

Available with 4-point glide lock suspension

Ventilation holes - keeps your head cool and dry for all day wear

Replaceable sweat band - padded fabric and polyurethane foam for all day wear

Ridgeline bump caps are not designed to meet the safety standards for industrial head protection

Custom imprinting available on bump caps

## Baseball Bump Caps

This cap is not designed to meet CSA Z94.1-15 or ANSI Z89.1 class C, G, & E standards for industrial head protection.

Bump cap and baseball cap in one

Reflective piping adds extra visibility

Soft inner foam cushion for comfortable wear

Size can be adjusted with a hook and loop strap to give a quick, secure fit Tough polyethylene vented shell is removable and the outer cap is fully washable

Holes in the liner match up with two mesh panels on the cap to provide additional ventilation for coolness and comfort

Ideal for meter readers, food processing, and other industries that don't require full hard hat protection

Baseball bump caps are not designed to meet the safety standards for industrial head protection
