- **Waterproof 200 Feet**
- **Fresh & salt water**
- **GREEN** constant light
- **More than 48 Hours**
- **Swivels on both ends**
- **Easy to install**

The Quarrow® Allure-Light shines a bright green light directly into the water. The reason why this light helps catch more fish is very simple. The green light starts a natural food chain reaction by attracting a concentration of small microscopic animals called plankton. Bait fish such as shad and minnows are drawn to the light to feed on the plankton and larger game fish move in to feed on the bait fish.

Features:

- Polycarbonate Water-Proof Body
- 1 Green LED (Wavelength: 520-525nm) (110,000 plus hours of life)
- Three LR41 Button Cell Batteries Included
