

Quarrow®

Item # 5501

Knife Sharpener

With 2 Step Sharpening System

- Coarse (320) grain is used to restore dull blades.

- Fine grain is used to perfect already sharp blades.

- Compact Design
- 3 Finger Grip Handle
- Pre-set Ceramic Sharpening System
- Uses Both Fine and Coarse Sides

- 3 Finger Grip

The Quarrow® Knife Sharpener features two sets of sharpening rods with pre-set angles that restore dull blades with just a few strokes of the knife. These angled sharpening rods are 800 grain (Fine) and 320 grain (Coarse) to achieve a smooth finished razor edge on your knife.
