• CONVEX LENS

The convex lens evenly distributes the light for a highly concentrated beam without dull or dark spots.

• USER INSTRUCTIONS

Each REDLINE® flashlight has helpful information printed on the side. Lighting modes, lumen ratings, run time and beam distance are listed.

#5557 14pc Permanent Acrylic Security Display

Actual Size

Spot light (150 yards)

Flood light (20 yards)

• 4x ADJUSTABLE BEAM

Turn the head clockwise for flood light, perfect for short range lighting. Turn the head counter-clockwise for spot light, perfect for focusing light up to 150 yards.

• AGGRESSIVE SELF-DEFENSE FACE

The aggressive design face can be used to defend yourself. (Please use caution when using flashlight.)

• RED RING

This signature translucent red ring enhances each of the different lighting modes.

• ANODIZED AIRCRAFT GRADE ALUMINUM WATER-RESISTANT COMPACT BODY DESIGN

Designed to fit almost anywhere, the body is virtually indestructible to ensure reliability.

• REAR GLOW-IN-THE-DARK TACTICAL BUTTON

This button allows you to easily switch settings* while maintaining constant control of the flashlight. The button also glows in the dark so that you can easily find this flashlight. (*Button uses hard/soft touch technology allowing settings to be changed in two different ways.)

Hard touch: Simply click through the functions (light will turn off in between settings.) NOTE: Light will reset to first setting (100% ON) after being off for 20 seconds.

Soft touch: Press button halfway with no click. This allows the user to cycle through the settings quickly without the light turning off between settings.

• POWERFUL MAGNETIC BASE

Allows you to attach product to virtually all metal surfaces, giving you hands-free lighting. Magnetic base also helps in retrieving metal objects in a tight space.

• 3 AAA BATTERIES INCLUDED
